

WELLNESS KITS FOR BALANCED LIVING

“WELLNESS IS TOO IMPORTANT TO BE COMPLICATED”

The FitKit Wellness team is lead by Co-Founders, **Amie Hoff and Beth Wieczorek**

“We are sisters, best friends and business partners with a passion for staying healthy and fit. We realized that part of the barrier to getting healthy today is that people are either too busy, don’t have the proper tools or take the time to “figure it out” for themselves. Most of the time, they don’t even know where to start. And we wanted to do something about it.

Our mission is to simplify wellness and make it accessible to everyone. We offer health and wellness kits that motivate and inspire people to develop healthy habits and make positive lifestyle changes in the areas of fitness, nutrition and stress management.

At FitKit, we live and breathe wellness everyday and are proud to say that all of our products and accompanying resources have been developed, tested and approved by a team of trusted certified personal trainers, registered dietitians and wellness consultants.

We are hyper focused and product quality, project management, logistics and delivery and most importantly customer satisfaction.

When you need the perfect wellness offering, FitKit is a proven, trusted partner. We look forward to the opportunity to work with you”

Amie Hoff & Beth Wieczorek
